To Whom It May Concern,

Kelloggsville High School students had the wonderful opportunity to participate in a psychic reading activity with Ms. Eugenia Marve.

Ms. Marve was terrific. She interacted well with the students and her abilities captivated a very skeptical audience. She disclosed information that only the student she read was privy to and turned skeptics into believers instantly.

I wholeheartedly recommend Ms. Marve and endorse her ability and skills. In fact, I would love to set up a return visit. The students still talk about her.

If you require any further information, I may be reached at Kelloggsville High School, 532-1570.

Sincerely,

Drew Lakatos
Psychology Teacher KHS
