

To Whom It May Concern:

I have used Eugenia Marve of Marve Creations for our eightWest event at Art Van.

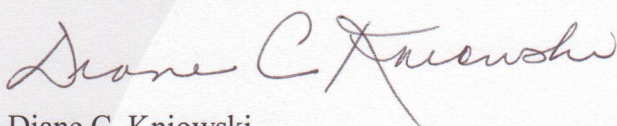

She was an excellent addition to our event and created a fun, light atmosphere.

Eugenia was hired to do psychic readings for the event. She helped us determine how best to serve the approximately 700 women that would be attending the event. She assessed the crowd situation and quickly adapted her program to allow for more participants. She was able to conduct group readings for twenty to thirty women at a time. She created an atmosphere of calm and mystery in the middle of an 11,000 square foot furniture store. Her information was always carefully worded and gently delivered. She had the group hushed around her as she performed her spiritual readings.

Our event was better because she was involved.

We will definitely be using her for other WOOD TV8 and eightWest events.

Sincerely,

A handwritten signature in dark ink, appearing to read "Diane C. Kniewski".
